Typography 2
You will design UI of a new mobile weather app. Create typographic hierarchy with the following set of rules:

- Use Verdana as typeface
- Use scale
- Use **weight**
- You may use rotation of text
- Background is white and figure is black
- No gray scale (only black or white)
- No images/photos/illustrations
- No italics
- Screen size is 750 × 1334px
- Use all the copy below:

  February 23, 2015  
  Berkeley, CA 94720  
  Monday Clear  
  Precipitation: 0%  
  Humidity: 62%  
  Wind: 7mph  
  68°F  
  Tuesday 64  
  Wednesday 64  
  Thursday 66  
  Friday 66
Version 1

Typographic Hierarchy

Version 1 should focus on typographic hierarchy (i.e., help a user understand information through a logical and meaningful journey).

This is an edited version of my previously submitted design. I took the feedback as well as added weight to instill similarity.
Typography 2

Version 2 Emotional

Version 2 in contrast, should play with possible emotional aspects of interaction with a weather app (e.g., funny, nostalgic, angry, etc.). You are free to interpret the possible emotional aspects. However, the same rules apply to this version. You should use the same emotion you used for Type 1.

Subtle: Playing with italics, to make the non-italic piece of information standout.
