

## Detour: Revisions to Final Concept

Access to Profile, Preferences, Stats and Info will be folded into one button, allowing more space for the map to populate the main app page.

## Detour: Revisions to Final Concept

Restructuring the View Detours page.

Detours with alerts are displayed at the top of the list.

Upcoming Detours will shift to Current Detours above closer to the assigned date and time.

Only the most recent Detours are displayed in the list view.

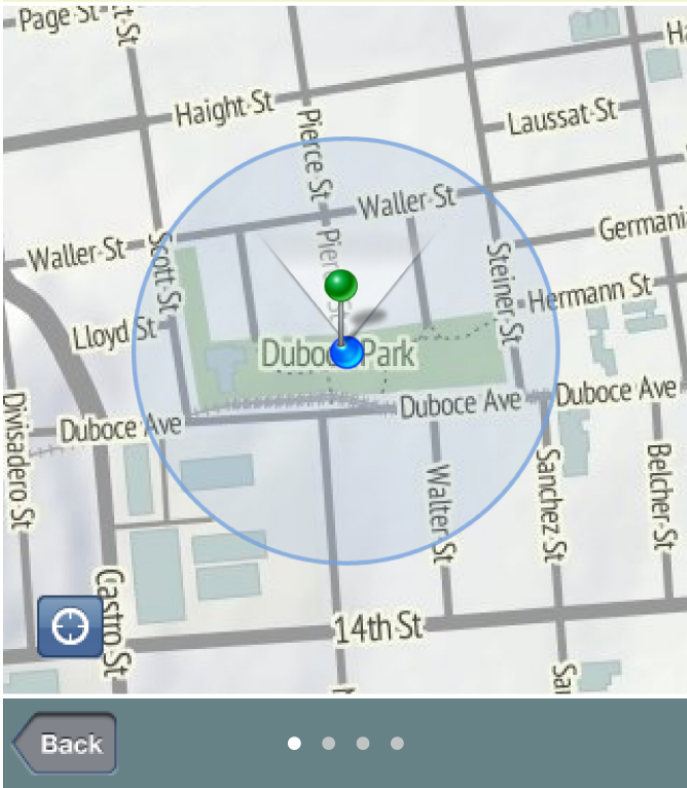

Full Detour history for this player is placed under Past Detours.

On Like Donkey Kong!

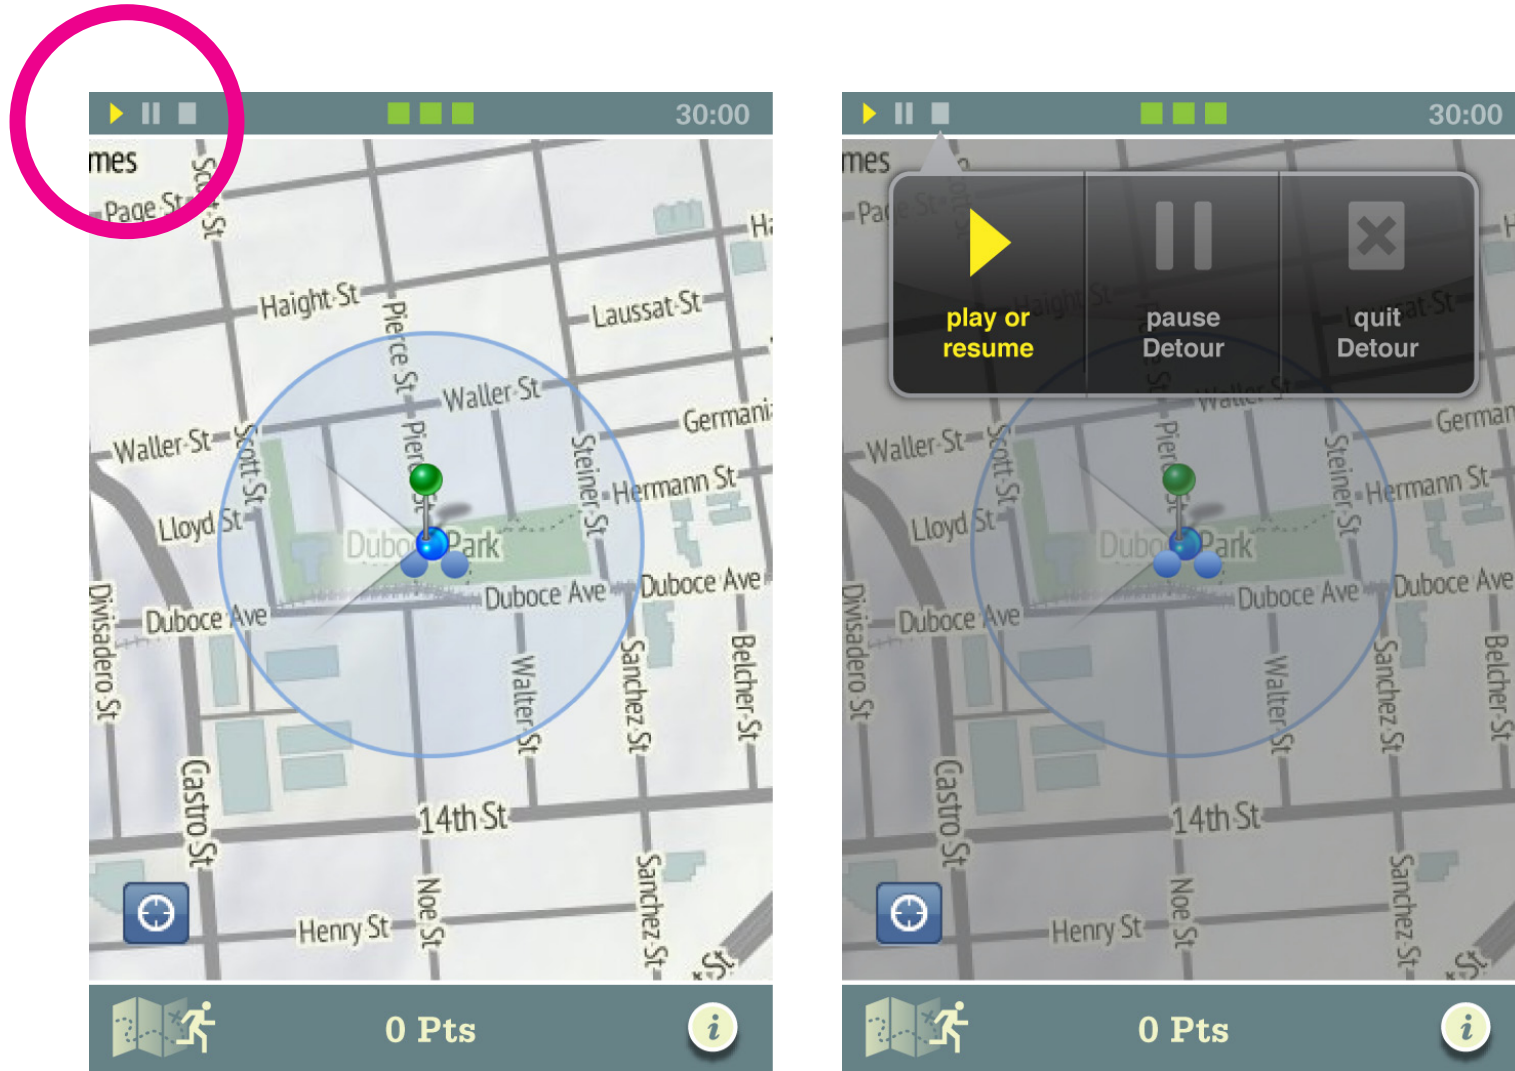

**Player Status**

**Did you know?** A fake BART station was made here in 2005 for filming the The Pursuit of Happiness.

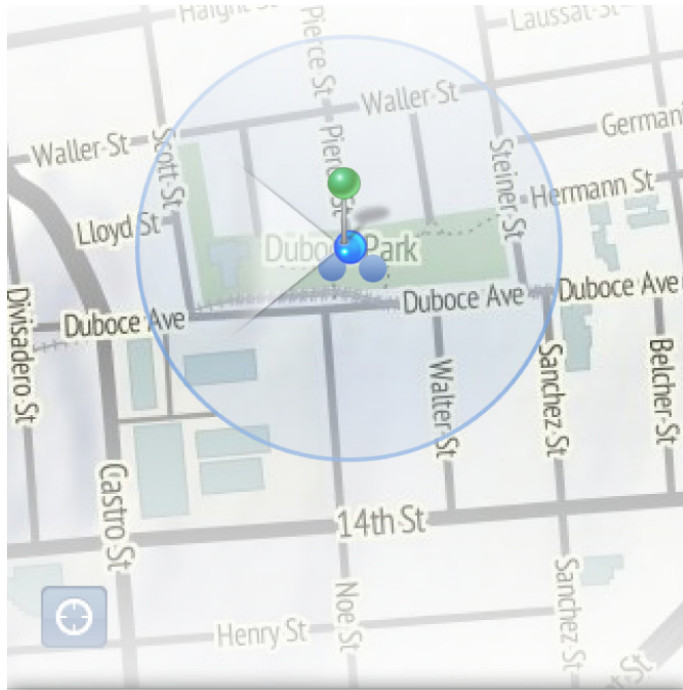

Unlimited numbers of players may be added to the horizontal scroll area. Additional information, such as local trivia, could be placed in this area.

## Detour: Revisions to Final Concept

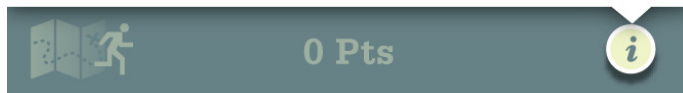

A simple set of controls is associated with playing, pausing or quitting the Detour. The currently selected item is highlighted on the game screen.

## Detour: Revisions to Final Concept

To the northwest there's a place that **amazes** people. Explore the area around the Harvey Milk Center to find it. Locate this landmark and be the first to take a photo.

The Hint button has been revised to more explicitly indicate the resulting interaction. Additionally, the hint will not obscure the map; instead, the map will be temporarily shifted upward.
